

Zach Construction, Inc.

INSPIRING DESIGNS

— Homes Crafted With a Legacy of Quality

Zach Construction is devoted to building new homes of excellence. We are an heir to a history of solid success, very high standards of homebuilding quality and an authentic commitment to client satisfaction. To succeed for more than 30 years as a company, it helps to have a clear vision of what your stand for. We know that your home is the foundation of your family's lifestyle, and we honor that philosophy by making sure your new home meets your every desire. Now in its third generation of family leadership, Zach Construction continues to be known as the first name in lasting value.

Quality is at the Core of Everything We Do

At Zach Construction, quality is built into every stage of our process. We work with quality focused craftsmen to build your home. From the foundation to the frame to the roof, we put it all together. To put it differently, “Every home is something we’re proud to put our name on.”

Growing up in a homebuilding family, (his dad was a builder, and his son has now joined the company), Charlie learned the importance of teamwork. The Zach Construction team handles every aspect of your new home with expertise and great care. We prioritize deadlines, but never at the expense of quality. We are truly committed to crafting your custom home with the same care that we would have for our own home.

SUPERIOR CRAFTSMANSHIP

Designed and Built for You

At Zach Construction, we customize each home so that when you step inside, you’re walking into a home that reflects your personal lifestyle. It’s about more than just the color of your walls; it’s about the way your family wants to live. When you work with Zach Construction, you have complete freedom to decide the look and feel of every aspect of your home. From colors, trim and room design to the overall style, nothing is off limits.

Once you have finalized your home design, we work with you to add the options and finishes that complement your lifestyle today and tomorrow, to ensure we deliver the home of your dreams. The best part is you will have the opportunity to see and feel your new home. Run your fingers across samples of hardwood flooring and mosaic backsplashes. Choose your favorite countertops, cabinets, finishes, and so much more.
